
INV-CD-N350 Edge AI System

Invendis Invent, Discover. x intel ai

High-Performance AI Computing
Powered by Intel® Core™ 3 N-Series Processor

The Invendis N350 AI Mini PC is a rugged, ultra-compact edge computing powerhouse built to accelerate AI inference and industrial automation. Powered by Intel's octa-core N350 processor, it delivers impressive performance with turbo speeds of up to 3.9 GHz while maintaining exceptional energy efficiency with just a 7 W TDP. Designed for demanding edge environments, the system integrates Intel UHD Graphics operating up to 1.35 GHz, enabling smooth graphics processing and AI-accelerated workloads. With support for hardware-accelerated OpenVINO, the platform optimizes deep learning inference, making it ideal for smart manufacturing, vision-based inspection, robotics, and intelligent IoT gateways. Combining performance, efficiency, and reliability in a compact form factor, the Invendis N350 AI Mini PC delivers powerful AI capabilities wherever edge intelligence is needed.

Upto to 64 GB Single-channel DDR5-4800 RAM via SO-DIMM slot, it handles memory-intensive tasks like real-time video analytics. Storage versatility includes M.2 Key B for M.2 SATA SSD (up to 512 GB) and 64 GB eMMC 5.1 for boot-critical firmware with Firmware and Hardware TPM2.0

A dedicated M.2 Key-M slot (2230/2242/2260/2280, PCIe 3.0 x2) supports AI accelerators or NVMe SSDs, allowing flexible hybrid AI and storage configurations.

Connectivity features dual Gigabit Ethernet ports, I/O comprises 2x USB 3.2 Gen1, 4x USB 2.0, dual HDMI 2.0 (4K@60Hz), and optional 2x RS232 serial & Dual LVDS for industrial displays.

Intel Products and Technologies

Accelerating AI and Analytics at the Edge

Intel® Core™ 3 N-Series Processor

OpenVINO™ Toolkit

Intel® Graphics

Key Features

Empowered by Intel.

- **Tiny size**
- **With FAN / FANLESS option**
- **Supports x2 M.2 Key M for AI / NVMe Cards**
- **Real-Time Data Processing**

INV-CD-N350 Edge AI System

CPU	Intel' Core'" 3 N350 processor
Graphics	Intel' Graphics
Memory	Up to 64GB DDR5 4800MT/s
Storage	Up to 512GB SATA M.2 SSD (up to 64GB eMMC optional)
AI	One M.2 (B +M Key,2280, 2 X PCIE) for AI accelerator card, Alternatively, this can be used as NVME storage
LAN	2 x Realtek RTL8111H, 1Gbps
Wi-Fi	M.2 2230 E key with PCIe 3 x 1, USB
Display	2x HDMI (4K@60Hz) and 1x Dual LVDS optional
USB Host	2x USB3.0 and 4x USB2.0
COM port (Optional)	2x RS232
Operating/ Storage Temp.	0 ~ 50°C / -20 ~ 70°C
Dimension (W x D x H)	150mm X 123mm X 70mm (max)
Weight	1.5kg
OS	Windows, Ubuntu, OpenWRT, Oracle Linux
